

Gellhaus Resident Advocacy Fellowship

The Gellhaus Resident Advocacy Fellowship, named in honor of its founder, Dr. Thomas Gellhaus, is designed to provide senior ob/gyn residents exposure to health care policy at the federal level.

This program offers ob/gyn residents the opportunity to gain a greater understanding of policy and political factors that shape the future of obstetrics and gynecology. This experience will better prepare a new generation of physicians to influence the future of our healthcare delivery system and offer ob/gyn residents a unique opportunity to participate in the political process in Washington, DC as their resident elective.

Duration

The Fellowship is two to four weeks, ideally completed during the ob/gyn resident elective. Although not ideal, the two to four weeks can be completed intermittently throughout the year. ACOG's Department of Government Affairs will work with each resident to create a program that coordinates the resident's availability, the Congressional schedule, and other relevant factors.

Stipend

Gellhaus Resident Advocacy Fellows will be reimbursed for their housing and travel expenses within specified limits.

Application Process

ACOG residents wishing to apply for the Fellowship must complete and return the attached application along with a curriculum vitae, a statement of interest of not more than 500 words and a letter of recommendation to:

ACOG Gellhaus Resident Advocacy Fellowship
Attn: Stacie Monroe, Manager, Political Advocacy
American Congress of Obstetricians and Gynecologists
