

College Statement of Policy

As issued by the College Executive Board

SUPPORTING MEMBER INVOLVEMENT IN OB-GYNPAC

Advocacy on behalf of women's health is central to our mission. The United States Congress and Statehouses are increasingly affecting the practice of medicine, our specialty's ability to care for our patients, and the future of women's health. The American College of Obstetricians and Gynecologists supports member involvement in legislative and political advocacy to help ensure that lawmakers and government entities make informed decisions on issues related to women's health.

We encourage our members to support Ob-GynPAC, to run for elective office, and to encourage other members to do the same.

Approved by the Executive Board February 2015
Revised and approved May 2015
Amended and reaffirmed July 2018
